

**PETER H. RHEINSTEIN, MD, JD, MS, FAAFP, FCLM, FAPCR**

Peter Rheinstein has been Chairman of the ABLM since 2011. He has been an ACLM Fellow since 1973 and an ACLM Board of Governors member for a total of 20 years including four terms as ACLM Treasurer. He received the ACLM Gold Medal in 2003.

Since 2012, Peter has been Chairman of the United States Adopted Names (USAN) Council which assigns the generic names for all drugs marketed in the US. He represents the Maryland State Medical Society at the USP and the Academy of Physicians in Clinical Research (APCR) in the AMA. He is Treasurer and a Past President of APCR. Previously, over 25 years at FDA, Peter was responsible for implementing the generic drug law and for regulating prescription drug promotion.

Peter is a consultant on medical law and regulation. He is a researcher and the publisher of [www.DiscoveryMedicine.com](http://www.DiscoveryMedicine.com), an internet-based journal indexed in PubMed. He has practiced medicine, served as medical director for a chain of long-term care facilities, as the first President of a company providing physician services in hospital emergency departments, and as senior vice president for clinical and regulatory affairs at a company developing cancer diagnostics and therapeutics. He is a Past President of both the Drug Information Association (DIA) and the Academy of Medicine of Washington, DC.

Peter earned his BA and MS in math at Michigan State, MD at Johns Hopkins, and JD at U of Maryland, where he serves on the Alumni Board. He is board certified in legal medicine, family medicine and geriatrics. He is licensed to practice medicine in MD, DC and CA and admitted to the practice of law in MD, DC and before the Supreme Court of the US.
